

Case Study

“eBECS was chosen due to its experience in deploying ERP into the retail market and offering, through the Omnicore partnership, a true end-to-end solution.”

Paul Malyn, IT Manager, Excess Baggage

Challenge

- Facilitate delivery of over 50,000 baggage shipments to 300+ destinations around the world
- Shifting business focus towards their stores in airports and stations
- Operations abroad growing rapidly
- PoS systems needed updating

Solution

- Microsoft Dynamics NAV Starter Pack
- Application of eBECS accelerator for Retail IP
- OmnicoreBasket - POS Solution integrated across 45 Stores
- Tasklet HHT

Benefits

- Full integration with Omnicore's PoS system provides better data for decision making
- Far greater visibility of clients' demands across its stores globally
- Accurate stock positions across its stores by colour, size, brand, season, etc.
