

Case Study

Founded in 1777, Kent Brushes has manufactured brushes for over 230 years and offers an extensive choice of over 250 products, ranging from brushes for hair, body, clothes, make-up, teeth and shaving.

Challenge

- Had selected Dynamics NAV but needed the right implementation specialist
- Wanted to exploit the opportunity to capture data from the shop-floor

Solution

- Microsoft NAV 2016 Starter & Extended Pack
- Implementation of NAVEKSA Shop Floor Data Capture module to capture date
- eBECS specialist skills in the manufacturing sector

Benefits

- Legacy systems removed and replaced
- State of the art data capture products drives more profitable decision making
- ERP system future-proof
